

RackStation **RX1213sas**

Synology® RX1213sas delivers an effortless storage capacity expansion solution for Synology RackStation RS10613xs+ by adding 12 drives on-the-fly while directly connected.

Highlights

- **Plug-n-use design for seamless storage space upgrade**
- **Redundant data paths & power supplies ensure service uptime**
- **SATA, SAS, or SSD drives for flexible capacity and balanced performance**
- **Managed with Synology DiskStation Manager (DSM)**

Storage Capacity Expansion

When storage capacity on the Synology RS10613xs+ reaches its limit, Synology RX1213sas provides an easy way to immediately scale up by additional 12 SATA, SAS, or SSD drives for flexibility and balanced performance. Volumes on the Synology RS10613xs+ can be expanded directly without having to reformat existing drives, ensuring that service on Synology RS10613xs+ continues during capacity expansion. Created as an independent volume, Synology RX1213sas provides an easy means of backing up Synology RS10613xs+.

Reliable Plug-n-Use Design

The Synology RS10613xs+ securely connects to the Synology RX1213sas through dual SAS cables to ensure maximum throughput and connection redundancy. Drives in the connected Synology RX1213sas can operate as though they were internal to Synology RS10613xs+, with no data-retrieval lag. Redundant power supplies also ensure continual service uptime. Synology RX1213sas is managed by Synology DiskStation Manager, with no additional software installation required.

Connections & Buttons

Technical Specifications

Hardware

Internal HDD/SSD	SATA/SAS 6Gb/s X 12 (hard drives not included)
Expansion Port	In X 2, Out X 2
Hot Swappable HDD	Yes
Volume Type	Basic, JBOD, RAID 0, RAID 1, RAID 5, RAID 6, RAID 10
Global Hot Spare Supported RAID Type	RAID 1, RAID 5, RAID 6, RAID 10
Size (HxWxD)	88mm X 445mm X 570mm
Weight	14.385 KG
System Fan	80x80mm X 4
Noise Level	54.6 dB(A)
Power Recovery	Sync with the connected RackStation
AC Input Power Voltage	100V to 240V
Power Frequency	50Hz to 60Hz, Single Phase
Operating Temperature	5°C to 35°C (40°F to 95°F)
Storage Temperature	-10°C to 70°C (15°F to 155°F)
Relative Humidity	5% to 95% RH
Power Consumption ¹	130.0W (Access), 59.0W (HDD Hibernation)
Supported Models ²	RS10613xs+

Environment and Packaging

Environment	RoHS Compliant
Package Content	RX1213sas Main Unit, User's Guide, Assembling Kit, AC Power Cord, Expansion Cable
Certification	FCC: Class A, CE: Class A
Warranty	5 years
